

초대의 말씀

서울대학교 고고미술사학과는 2008년 11월 5일과 6일 서울대학교 신양인문학술정보관에서 규장각 한국학연구원 주최로 열리는 전국리 유적 발견 30주년 기념 <제1회 서울 구석기 국제학술회의>를 주관하며, 관계자 여러분을 본 학술회의에 초청하는 바입니다. 회의에서는 <Diversity and Variability in the East Asian Palaeolithic - Toward an Improved Understanding>이라는 주제 아래, 미국, 일본, 인도네시아, 영국 및 국내 전문가 10여명의 발표가 있을 예정으로서, 우리나라에서 발견되는 주먹도끼를 비롯한 구석기 자료의 성격에 대해 생각해 볼 수 있는 좋은 기회가 될 것입니다.

서울대학교 고고미술사학과장

- 일시 : 2008.11.5~6
- 장소 : 서울대학교 신양인문학술정보관 302호 국제회의실
- 주최 : 규장각 한국학연구원
- 주관 : 서울대학교 고고미술사학과

신양인문학술정보관 위치

- 지하철 2호선 서울대입구역 3번출구 학교서틀버스나 시내버스 (5511, 5513)
- 지하철 2호선 낙성대역 4번출구 2번 마을버스 기숙사 삼거리 하차

The 1st Seoul Palaeolithic Conference

- Date: November 3~6, 2008 Pre-conference Field Trip: November 3 and 4 Symposium: November 5 and 6
- Venue: Shinyang Humanities Hall, Seoul National University

SYMPOSIUM SCHEDULE

DAY 1 (November 5)

Opening Ceremony

9:00-9:30

Theme 1: Paradigms of Research

9:30-17:00

Introduction and Polemic

Yi, Seonbok (Seoul National University)

Diversity and variability in the East Asian palaeolithic - towards an improved understanding

Paradigms of Palaeolithic Research in East Asia

Jochim, Michael (University of California, Santa Barbara, U.S.A.)

Tradition and context: challenges in the interpretation of the early palaeolithic

Clark, G. A. (Arizona State University U.S.A.)

Historical connection and formal convergence in the Lower Paleolithic of Eurasia

Makers of the Stone Tools

Jin, Joohyun (Pennsylvania State University, U.S.A.)

The nature of Chinese hominid fossils in relation to African/European Homo

Kaifu, Yousuke (National Museum of Nature and Science, Japan)

Evolutionary trends of Asian Homo erectus and their implications for technological / behavioral changes

The Movius Line and Evidence

Petraglia, Michael D. (Cambridge University, U.K.)

Large cutting tools, geographic barriers and the meaning of the Movius Line: a view from India

Chauhan, Parth R. (Deccan College, India)

Acheulean and Acheulean-like technology and expansions reconsidered

Paleolithic in Indonesia

Simanjuntak, Truman (Center for Prehistoric and Austronesian Studies, Indonesia)

Acheulian tools in Indonesian palaeolithic

Prasetyo, Bagyo (Center for Prehistoric and Austronesian Studies, Indonesia)

Stone tools from Kobatuwa site, Soa Basin, central Flores, east Indonesia

DAY 2 (November 6)

Theme 2: Evidence and Patterning

9:30-17:00

Dating Problems in East Asian Palaeolithic Research

Soda, Tsutomu (Institute of Tephrochronology for Nature and History, Japan)

Towards an improved tephrochronological framework for palaeolithic research in East Asia

Jin Cheul Kim, G.A.T. Duller, H.M. Robert and A.G. Wintle, Yong Il Lee, S. Yi

Thermally transferred optically stimulated luminescence dating of fine-grained quartz (4-11 μ m) in Jeongokri, Korea

Handaxes in China and Korea

Gao, Xing (Institute of Vertebrate Palaeontology and Palaeoanthropology, China)

The nature of Middle Pleistocene handaxe from China

Yoo, Yongwook (Seoul National University, Korea)

On chronology and technology of the handaxes from the Imjin-Hantan river area

Some Evidence from Mongolia, Siberia and Japan

Buvit, Ian, and Karis Terry (Central Washington University, U.S.A.)

Current topics in Siberian paleolithic prehistory: land use, mobility and technological organization in the Transbaikal

Izuho, Masami (Sapporo Buried Cultural Property Center, Japan)

Pre- to Early Upper Paleolithic in Northeast Asia – a review of geochronological evidence

Discussions
